

PROPOSED LIFEGUARD TOWER

THE PROPOSED LIFEGUARD TOWER IS A UNIQUE AND ONE OF A KIND TOWER.

IT BREAKS DOWN THE BARRIER BETWEEN THE COMMUNITY AND THE LIFEGUARDS WITH ITS COMMUNAL DECK ALLOWING EASY COMMUNICATION

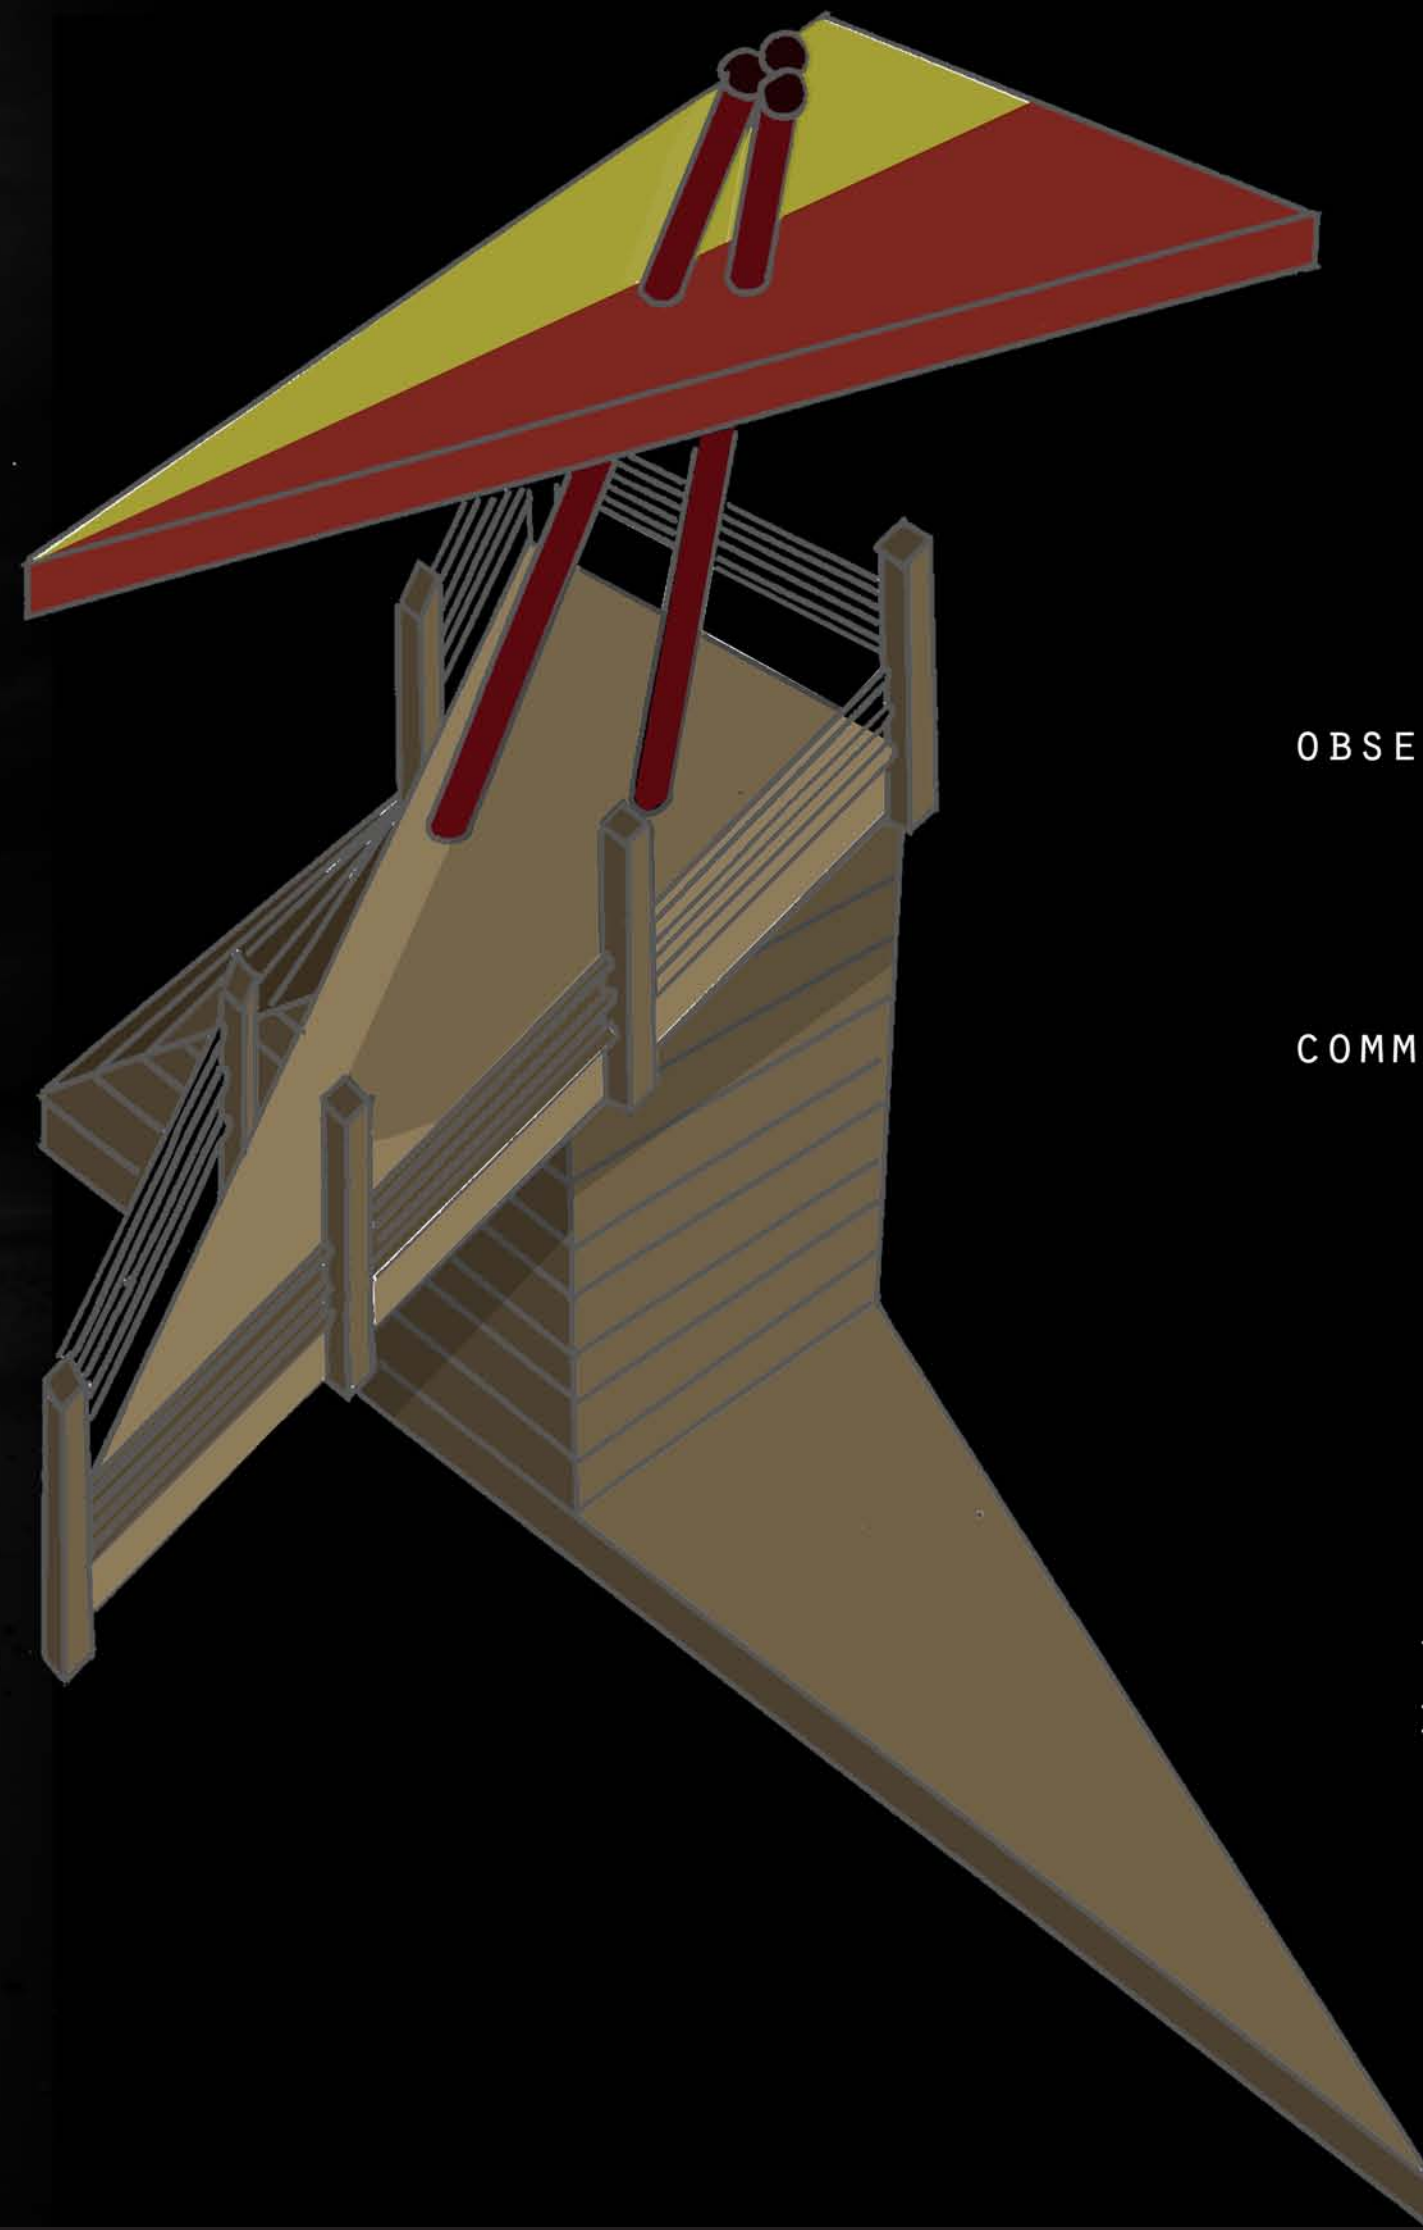

PROVIDES COVERED SECURE STORAGE FOR ANY FIRST AID VITAL EQUIPMENT.

A 2.5M HIGH OBSERVATION DECK WITH UNOBSTRUCTED VIEWS STRETCHING OUT ALONG THE SHORE LINE, IT PROVIDES THE BEST VANTAGE POINT FOR ANY EMERGENCIES AND BECOMING A BEACON FOR THE PUBLIC.

THE AGILE PLY FLOORING AND GAVLVANISED POLES, ENABLE THE TOWER TO BE TRANSPORTED, CARRIED AND CONSTRUCTED TOGETHER WITH EASE, WHILE STILL ALLOWING IT TO BE CONSIDERED UNDER SUB CONSENT.

THE TOWER WILL BE SUPPLIED WITH WIND/SOLAR POWER, PROVIDING POWER TO THE FRIDGE, ALLOWING FOR COLD POTABLE WATER BOTTLES.

THE TOWER COULD HAVE AN ARRAY OF FUTURE PURPOSES SUCH AS BEING A PUBLIC OBSERVATION DECK AND SHELTER OR EVEN A SEASONAL REFRESHMENT STALL.
